ENDLESS LUXURY

LEGACY

The Legacy range is a versatile wall tile collection that brings together natural beauty and modern design. Crafted in a convenient 316x600mm format, these red body ceramic tiles are available in two neutral shades — Bone and Artic — perfect for enhancing light and space in bathrooms, kitchens, or living areas.

With the option of a plain finish for clean, minimalist installations or a coordinating textured decor tile for added depth and interest, the Legacy range allows for design flexibility while maintaining a cohesive look. Whether used as a full-room covering or as a feature wall, these tiles offer the perfect balance of elegance and practicality.

Their soft, stone-inspired surface paired with subtle colour variations adds warmth and sophistication to any wall space. Lightweight and easy to install, the Legacy range is an ideal choice for both modern and traditional interiors.
